

In 1837 the circuit gathered and recorded statistical information in a preprinted volume.

This showed the size of each Society 4 times a year with a break down of the number of members:-

number admitted on trial

number of new members now fully received

number of members received from other circuits

number of members removed to other circuits

number of members received from other classes

number of members removed to other classes

number of deaths

number of backsliders

number of conversions

number of believers

name of the class leader

number of members in each class

There are details of the size of the collections taken at various times in the year.

There are lists of donors or subscribers to various Methodist Charities or Publications linking named individual to a place and an amount.

Lists of Circuit and Society stewards.

Any piece of datum linked to an individual has been transcribed.
